DETAILED ACTION

1. This is the second Office action on the merits of Application No. 10/632,280, filed on 01 August 2003. Claims 1, 3-9, 12-18 and 21-26 are pending.

Documents

2. The following documents have been received and filed as part of the patent application:
 - Information Disclosure Statement, received on 02/05/04

Allowable Subject Matter

3. The indicated allowability of claims 2-8, 11-17 and 20-26, from the previous Office action dated 09/15/05, is withdrawn in view of the new rejection below.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. **Claims 1, 3-9, 12-18 and 21-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.**

Claim 1:

- Line 6 recites the limitation “a primary plate installed within the open end of the bobbin.” This limitation appears to be inaccurate because, as shown in Fig. 1, part of the primary plate 34 is not installed within the open end of the bobbin 12.

Claim 9:

- Line 17 recites the limitation “the primary plate installed within the open end of the bobbin”. This limitation appears to be inaccurate because, as shown in Fig. 1, part of the primary plate 34 is not installed within the open end of the bobbin 12.

Claim 18:

- Line 8 recites the limitation “wherein the primary plate installed within the open end of the bobbin.” This limitation appears to be inaccurate because, as shown in Fig. 1, part of the primary plate 34 is not installed within the open end of the bobbin 12.
